MDIS Web Management System User Manual

CONFIDENTIAL and PROPRIETARY

Introduction

There are several Enquiry Forms that you can use within the Web Management System. This user manual identifies the different Forms and breaks down the fields for each form.

For further assistance, please do not hesitate to write in or contact our Helpdesk.

Standard Programme Enquiry Form

The Standard Programme Enquiry Form appears at the bottom of each programme page. There is no need to further configure this Form.

The Standard Programme Form has a default campaign code of Programme Enquiry.

Custom Enquiry Forms

Currently, there are two custom Enquiry Forms available in the CMS. These two forms have different fields and are used in different events and pages.

The two custom Enquiry Forms can be created within a content Panel on a Page Grid on any webpage in the CMS.
