STUDENTS BE WARNED AGAINST GOING TO UNAPPROVED AGENTS

MDIS has representative offices in China, India, Indonesia, Sri Lanka, Thailand and Vietnam. We are also represented by agents throughout Asia, Africa and the Middle East. If you are a student residing in these countries you will be able to obtain information on application procedures and other details through our official representative offices. The list and contact details of our representative offices can be found here.

http://www.mdis.edu.sg/international-prospective-students/mdis-representative-offices

Students interested to apply for admission to MDIS and who require the assistance of agents can approach MDIS appointed agents through our representative offices in the respective countries. We wish to warn students against going to MDIS unapproved agents as these agents will not be recognised by MDIS. We are aware of unauthorised agents facilitating student admission enquiries and applications through websites masquerading the MDIS identity.

MDIS has identified three of such illegitimate sites and warns students against approaching them. They are:

http://www.mdis.net.cn/

http://www.mdis-china.cn/index.php

http://www.liuxue.net/singapore/

MDIS takes a serious view of any fraudulent or misleading information provided by unauthorised agents and will neither acknowledge nor honour transactions led by unapproved agents.
