In line with our commitment to providing an enhanced learning environment, we are relocating our campus to a new and improved location at 190 Changi Road, Singapore 419974. The relocation is scheduled to be completed by the first quarter of 2027.

This move reflects our continuous efforts to upgrade our facilities, enhance students' experience, and provide a state-of-the-art environment for learning and development. The new campus will offer:

- **Modernised Learning Spaces:** Cutting-edge classrooms, lecture halls, and study areas to foster interactive and innovative learning.
- **State-of-the-art Facilities:** Advanced labs, technology and student resources to support academic excellence.
- **Convenient Accessibility:** The new location at Changi Road is well-connected to public transport (MRT, Buses and Taxis), providing greater accessibility for students, staff and visitors.

We understand that change can bring about challenges for those involved and we are committed to ensuring a smooth transition for everyone. Our dedicated teams are already working on a comprehensive plan to facilitate the relocation and provide regular updates on the progress to keep them informed.

For MDIS Existing Students: You will continue to receive further communication on how the relocation may affect your classes, services and any additional support available to ensure a seamless transition.
